Kingston Design-in Solutions

System designers and builders rely on consistent storage products. Kingston offers the following benefits with the Design-in SSD product lines:

□ **Controlled BOM and firmware**
Ensures there are no changes to key components after customer qualification.

□ **PCN support**
All generational changes and firmware updates are handled through a controlled and timed process.

□ **Engineering support**
Direct contact with regional engineering teams to ensure a fast response to storage requirement questions.

□ **Global support**
Kingston can coordinate SSD deliveries with a customer's Original Design Manufacturers (ODMs) or Contract Manufacturers (CMs) in other regions of the world, if required.

□ **Warranty**
For peace of mind, our design-in SSDs are backed by a limited three-year warranty and free technical support.

Applications:

▯ **Digital Signage**

▦ **POS**

🎓 **Education**

🎮 **Gaming Machines**

🏭 **Industrial Applications**

🖥 **PC Assemblers**

✔ **Consistent**   ✔ **Reliable**   ✔ **Performance**   ✔ **Peace of Mind**
